

The Believer and the Coronavirus – A Position Paper

Yosef Rachamim Danieli - February 2021

Introduction – Who I am and the Purpose of this Paper

My name is Yosef Rachamim ("Rami") Danieli. I am married to Gabriela, and together we have four children, and live in the northern region of Israel. I have been working as a tour guide since 1993, but since the beginning the Corona crisis, like many others, I too have been unemployed.

For about a year now, we have been witnessing "a new pandemic" – the Covid-19 pandemic. The pandemic has dramatically changed our world and the living conditions to which we have become accustomed to. The mandatory wearing of masks, the lockdowns, and other restrictions imposed on the general public, have caused and continue to cause tremendous damage. A few examples being the closure of many small and mid-sized businesses, widespread unemployment, and a lack of clarity concerning the future which leads to worry, anxiety, and even panic. There are reports of increasing numbers of people needing psychological and psychiatric counseling, increasing numbers of domestic violence and abuse, and increasing numbers of suicides.

As if all of the above is not enough, we have recently been informed that there are "new mutations" of the new virus; ones that raise questions such as: "Will the disease accompany us over the next decade?" "Will the new vaccines really help eradicate the pandemic?" and "How many more vaccines will we have to take later?" The vast majority watch the mainstream media reports (in Israel, TV channels such as 11, 12, 13, 20, and the various radio channels, etc....) hour after hour, along with the news in print (through various major newspapers). For the last year or so, the mainstream media is dealing with almost only one topic: "the dangerous pandemic that is threatening mankind, that is spreading at record speed." Around the clock, we are told of the rising numbers of "new Covid patients," the "critically ill," and even more scary, the daily rising numbers of "Covid deaths!"

Moreover, different people around the world distribute (on social media) articles and video interviews with various doctors, professors and scientists (world-renowned professionals), who claim that the whole crisis is being vastly overblown. According to them, the world governments' treatment of the crisis is not professional, nor it is based on true science! According to them, the disease is much "lighter" than what is presented in the mainstream media, and advise that it is treatable and even easily curable! According to them, the lockdowns themselves do not really prevent the spread of the virus and do much more harm than good. Some of these world-renowned professionals claim that even the new vaccines (based on the synthetic component, mRNA), have never been tested in the traditional way that other vaccines were tested in the past, and are therefore potentially dangerous! There are those who claim that Israel

is in fact serving as one big “experimental laboratory” of the Pfizer pharmaceutical company.¹ The Israeli “Helsinki Committee” has also voiced concerns, saying that they believe experimental testing on humans (including those of the new vaccines), should be made in complete transparency, and only according to the law, which requires the health providers to explain all the risks and the side effects any vaccine might have.

The above two approaches, so different and controversial, saw quite a bit of confusion and frustration within Israeli society and around the world. On the one hand, there are those who choose to believe and trust everything that is said and presented to them by the authorities – using the mainstream media. And on the other hand, there are those who have almost completely lost trust in the mainstream - the official version - and “facts.” Instead, they choose to rather listen to alternative social media – the one interviewing the other professionals, who portray an almost entirely opposite picture. Of course, as with any complex issue, there are those who prefer to “sit on the fence,” rather than make any decision at all.

Is it at all possible for one to determine the truth about this new world crisis? Is it possible to know where our world is headed in the light of current events? And the most important question in my opinion is: Where should we, followers of Yeshua, stand? Is there a certain position we should hold to?

It is my understanding that we can get close enough to the truth, as God sees it. The main way by which we can get to the truth, is looking and taking the Corona crisis as one part of a much larger and broader (biblical) context! This position paper is my humble attempt to shed a little light on this very disturbing “new world pandemic.”

The Big Picture

Introduction: God’s Word as our “Navigation Map”

Many years ago, I served in the Israeli Defense Forces (IDF) as a combat medic. About mid-point during my term of service, I decided to go to become an officer. My colleagues and I in the officers' school had to go through many teachings and trainings, one of which was lone night navigations. In preparation for this type of navigation, we were required to learn the navigation route down to the smallest details - as it was shown on the map – during the day. The pre-night lone navigation learning included memorizing walking directions (“azimuths”) and the exact distances between each of the waypoints (measured by “double steps”). A key to our night navigation success was to study the big picture, or the “background details” of the navigation route. Background details included, among other things, the time frame allotted for the navigation, the general direction between the starting and the end points (north, south, east, or west), the mountains and ravines around the route and within it, and the possible obstacles we might encounter (innocent, hostile factors, etc.). If we did not know the details of “the big

¹ Prime Minister Benjamin Netanyahu actually admitted it in an interview he gave just recently in the “World Economic Forum” at Davos, Switzerland! The interview is 33 minutes long, and the time segment is between minutes 4 to 8! <https://www.youtube.com/hashtag/worldeconomicforum>

picture” well enough, our chances of successfully correcting mistakes we made while on the navigation route, were extremely low!

At dark, we climbed onboard an Army vehicle, and each one of us was left alone at the starting point of his personal route. Each one was provided with a sealed map - allowed to be opened only in case of getting completely lost, and a sealed compass – also allowed to be used only when we were completely lost!

Our world can be viewed as “a big forest” through which each and every one of us has to navigate his/her life. The “forest” of this world has “many trees,” located within different “mountains and ravines,” and quite a few “obstacles.” Each and every one of us also have our “starting point” – the day we were born, and the “end point” – the day we die. Just as in the military’s lone night navigations, so it is with our lives in this world: If we wish to finish our lone night navigation successfully, we must study and memorize very well a specific “navigation map.”

What is this “navigation map” that we – followers of Yeshua were entrusted with? What is it that we must study and memorize during “the day hours?” Needless to say: This “navigation map” is God's very Word! A daily acquaintance, and ever-deepening study in the Word of the One who created us and the whole world around us is not an option!

What is the “compass” that we – followers of Yeshua – were entrusted with? In Hebrew, there is a direct linguistic connection between the words “*Matzpen*” (“*מצפן*” “Compass”), “*Tzaphon*” (“*צפון*”- “north”), and “*Matzpun*” (“*מצפון*” – “conscience”). Our clean (by the Blood of the Lamb) conscience serves as our “North Star.” As believers, His Spirit is guiding us to the direction in which we should go. If we really want to finish our “lone night navigation” through this darkened world successfully, we must study and memorize “the route” while “it is still day” (John 8:12; 9:5; 11:10; 12:35-36).

Dear brothers and sisters, if our sincere desire is to continue to be “*light*” in the darkened “forest” of this world, we must locate and identify this current Covid crisis “on God’s map!” On one hand, we were by no means called to become “anarchists,” “delusional” or “opponents and against the authorities,” yet on the other hand, we were also not called to completely ignore other opinions/views of the current situation! We must carefully examine all the evidence, while listening and being sensitive to the Holy Spirit and asking Him to guide us so we can reach the answer as He – Our Gracious Creator - wants us to see it!

The Big Picture (A) - Our Generation on God’s Prophetic Clock

In this section, my purpose is to explain the time in which we live, in relation to God's prophetic clock, especially as it concerns the return of our Lord. According to my understanding of God's “navigation map” we are very close to Yeshua’s Glorious Return. Needless to say, none of us know “*the day and the hour.*” Nevertheless, some of the “background details” - the ones that help us see “the big picture” clearly - indicate He is really close! There are many “background details” in the Word of God that prove

beyond any doubt that we are indeed living in the last days. In order to keep this position paper as short and as concise as possible, I'm going to address only three. In case you generally agree with me that Yeshua's return is indeed very close, I would strongly suggest that you save your precious time and skip to the next section: "The big picture (B) – *Justice, justice shall you pursue.*"

"The Latter Days"

The above title (in Hebrew, "*Acharit Hayamim*" – אחרית הימים), appears many times in God's Word. Here are only a few examples: Gen. 49:1; Num. 24:14; Deut. 4:30; Isa. 2:2; Jer. 23:20; 30:24; Ezek. 38:16, Hos. 3:5; Mich. 4:1; Dan. 10:14. An in-depth study of God's Word reveals that these "*latter days*" already began with Yeshua's First Coming, about two thousand years ago, and are about to end with His Second Coming (see Acts 2:17; 1 Tim. 4:1; 2 Tim. 3:1; Heb. 1:1; 1st Pet. 1:20; 2nd Pet. 3:3; Jude 18).

From the words of Messiah as well as His various apostles, it can be understood that there were high expectations for His return already back in their own time - the first century (see, for example, Matt. 10:16-25, especially verse 23, 24:32-44, especially verse 34, Rom. 13:11, 1st Cor. 7:29, James 5: 8, 1st John 2:18, Rev. 1:3, 3:3). And so, how much closer are we to the end of this period called "*the latter days*"?!

As we all know, for the last two thousand years in every generation there has been an expectation for the return of Messiah. For example, towards the beginning of the second millennium following His First Coming, there was a very high expectation both among Christianity - mostly religious Catholicism (which led to the Crusader journeys to the Holy Land), and among Judaism (where many Rabbis with their disciples immigrated to the Holy Land). Moreover, in World War II, many good believers were sure that Hitler was "the anti-Christ" and thus thought "Yeshua's return must be at hand!"

Based on the above description, many believers here and around the world might say: "Come on, you know that every generation of people thought He was coming in their time... It is impossible to really know when He returns... It is not worthwhile even to try and calculate it, less we too be severely disappointed." On the other hand, there are those who declare (on the basis of a fairly modern and much debated doctrine): "Yeshua can return today, tomorrow, and in fact at any given moment!" Does this "navigation map"/ God's Word that we are holding in our possession provide us with some "background details" that actually point to Yeshua's return in our own generation? I suspect there are. I would like to discuss two of these "background details":

"Our Lord, will you at this time restore the kingdom to Israel?"

This question was asked by the disciples of Yeshua, just before He ascended back to heaven (Acts 1:6). The context is very important: It was the fortieth day since Yeshua appeared to His disciples as the resurrected Messiah! As I mentioned above, like many others in their generation, Yeshua's disciples also thought and believed that Messiah would come in their own generation. They thought: Especially then, after the true identity of Yeshua had been revealed; after His resurrection from the dead with a completely new/ immortal body, He for sure would bring about the end of the reign of

Roman occupation and finally establish the Kingdom of Israel over all the world! Nevertheless, what was Yeshua's clear answer? *"It is not for you to know the times and the seasons which the Father has set in His own power"* (Acts 1:7). What exactly were these *"times and seasons"* referring to? According to the immediate context, they referred to the very establishment of *"the Kingdom of Israel"* here on earth!

In the following verses, Yeshua instructs His disciples to return to Jerusalem (from the Mount of Olives) and wait there for the fulfillment of the promise concerning the Holy Spirit, who would help them preach and spread the gospel throughout the entire world (Acts 1:8). In other words, the Good News (Gospel) of the Kingdom must first be proclaimed to both Jews and Gentiles around the world, and only then the Kingdom of Israel will be established physically – here, in the Land of Israel. (An idea closely related and similar can be seen in the following references: Matt. 24:14, 28:19; Luke 21:24; Rom. 11:25 and more...)

Now to the main point: A few minutes after Yeshua responded, He ascended before their very eyes back to heaven on a cloud. About forty years later, the Romans destroyed the Temple and exiled the Jews from their land - an event that marked the longest Jewish exile ever – of almost two thousand years! Since that exile (70 CE), in no generation would it really be possible to say that the establishment of the Kingdom of Israel is "imminent." Why? Simply because for it to be established, you need three main conditions: a.) the return of the King Himself, who since Acts 1:9-10, is sitting at the right hand of the Father. b.) the people of Israel must be back in their ancient Promised Land. And finally, c.) the people of Israel must have their own sovereignty over their inheritance – the land of Israel. Point b) began to take shape about a hundred and fifty years ago with "modern Zionism," which was used by God to start gathering His covenant people from the four corners of the earth, back to His Promised Land. Point c) was fulfilled in 1948, when Israel got their own sovereignty over their Promised Land. Now that these two points have been fully fulfilled, I believe "the stage" for Yeshua's Return (point a) is fully prepared and thus, Yeshua's Second Coming is very near.

Now the above might raise the following legitimate question: "Why are you so sure it will happen in our own generation? Why not in future generations? Why not during the generations of our grandchildren or even great-grandchildren?" In other words: Why not in another hundred or even hundreds of years? I believe the following two points will provide the answer.

"After two days He will revive us, in the third day he will raise us up, and we shall live in his sight." (Hosea 6:2)

A short introduction: God's Word was delivered and written mostly in the Middle East, and especially here in the Land of Israel. As such, the "mind-set" (or, way of thought) behind it is very much "Middle Eastern/Hebraic." Now, this mindset is very different from the Western/Greek/Roman one. While Western thought is essentially linear, logical, chronological and precise, the Middle Eastern/Hebraic is very much "cyclical" and "repetitive" in its nature. Following are only a few examples:

In Western/Greek thought, events are usually put on a line - i.e., set in a chronological order. In Middle Eastern/Hebraic thought, the events described are not always presented in a chronological order (one Rabbinical phrase is worth mentioning here: "There is no early nor late in the Torah"). One needs to only "scan" through the Bible (including the New Covenant Writings), to see that events described in it are not necessarily presented in their historical chronological order (look at books like Isaiah and Jeremiah for example. Look at the four Gospels, etc.). In Western/Greek thought, beginnings and endings are not necessarily related or connected. In the Middle Eastern/Hebraic thought, they are very much related and connected, and in fact, events keep repeating themselves, with "new actors and actresses" shown "on the stage". The wise man best described it by saying: "*What has been is what will be, and what is done is what will be done; there is nothing new under the sun!*" (See Eccl. 1:9. See also Isa. 46:10). In these repetitions, we can see clear "patterns" and "types" (or "foreshadowings").

In the Middle Eastern/Hebrew thought, numbers don't have only "a quantitative meaning," but also a symbolic and spiritual one (for example: **6** is usually a number associated with humanity since it was created on the 6th day. **7** is the number associated with the Creator, since He finished creating everything and then rested on the 7th).²

Back to the words of Hosea: When read through the Middle Eastern/Hebraic mindset, a few interesting things emerge: The prophet says that God will revive His Chosen Nation "*after two days,*" and that "*in the 3rd day*" He is going to raise them up. In Scripture, the number **3** is very significant! Please note: It was on the 3rd day of creation that **God** declared "*it is good*" twice (Gen. 1:9-13).³ It was at **the beginning of the 3rd decade** that our ancestor **Jacob** was restored by God back to his homeland (from his exile in Aram. See Gen. 31:36-42). It was at **the beginning of the 3rd decade** that **Joseph** made himself known to his brothers in Egypt (Gen. 37:2, 41:46, 53, 45:6). It was at **the beginning of the 3rd day** that **Yeshua** rose from the dead (Matt. 16:21; 17:23, 20:19, and the parallels in the other Gospels as well as the writings of the apostle Saul/Paul).

Now, "*one day is as a thousand years, and a thousand years is as one day*" (Ps. 90:4, 2nd Pet. 3:8). How many "days" (i.e., thousands of years) have passed since Yeshua ascended back to heaven, in the sight of His apostles (Acts 1)? Two! Where then are we on God's prophetic clock? We are at **the very beginning of "the 3rd day!"**

Following the above pattern related to the number **3**, I believe that the following is pretty clear: A) The nation of Israel is following her forefather Jacob, as she is being restored to her own Promised Land, on **the beginning of the 3rd "day"** (millennium) since Yeshua's First Coming. B) Messiah Yeshua, following His foreshadow/type of Joseph, is

² For those of you who are interested in a detailed explanation of the two mindsets, the patterns and types/foreshadows etc. please read my book (English): "**Moses wrote about Me.**" You can order it on my website - www.touryourroots.com, or on Amazon and other bookstores.

³ That's the very reason why some Jewish Orthodox sectors have developed the concept of "twice as good," and pretty much prefer their wedding celebrations to take place on the 3rd day of the week. Please note that the famous wedding at Cana of Galilee took place "on the third day" as well... John 2).

going to reveal Himself to His beloved Nation at **the beginning** of the 3rd “day (millennium).” C) Israel is going to be resurrected out of her (spiritual) death at **the very beginning** of the 3rd “day” (millennium) on God’s prophetic calendar, which is very soon, in our own time!

The Big Picture (B) – The Main Characteristic of the End of the Latter Days’ Period

One of the main things that characterizes the end of “*the Latter days*” period – i.e., just prior to Yeshua’s return, is deception, lies, falsehood - all which are led by the greatest liar of all - Satan! (Rev. 12:9, 20:2). Going back to the analogy of this world being “the big forest” and us, needing to “navigate” through its darkened night, we can describe these characteristics as “obstacles” we need to overcome while navigating through this forest/ world. Let us see only a few of many references to these obstacles in God’s “Navigation Map”:

When asked about His return and the “end of the age/world” (or “generation”), the first thing Yeshua said was, “*Take heed that no one deceives you!*” (Matt. 24:4). Of course, the immediate context of this sentence relates to “false messiahs” who would appear saying: “*I am he.*” In my understanding, Yeshua spoke of the false teachers and prophets among the believers who say, “Come to me, listen to me, the anointing oil is on me...”⁴ Note please other warnings uttered from Yeshua’s mouth: “*False prophets will rise and deceive many,*” and worst of all, they will try to deceive “*even the elect!*” (Matt.11:24, Mark 13:22). The apostle John, in his first epistle, warns against those false prophets and encourages us all not to believe in any spirit, but rather: “*examine the spirits, whether from God or not ...!*” (1st John 4:1).

Generally speaking, God’s “Navigation Map” clearly states that in this world, there are actually only two kingdoms: 1) the “*kingdom of darkness*” - in which most of the world operates, and 2) “*the Kingdom of His Beloved*”/ kingdom of light - in which only true followers of Messiah Yeshua operate! (Col. 1:13). This same “map” also tells us that “*our citizenship is in heaven*” and thus, our thoughts should not be directed at this physical world, but rather, upwards - towards heaven (Phil. 3:20, Col. 3:1-4). True followers of Israel’s Messiah are supposed to know who is the one who rules the hearts and minds of the unredeemed people in this world!⁵

“Justice, justice shall you pursue”

Isaiah cried out: “*And the truth is absent, and the wicked departed from the fear of the LORD, and it is evil in his sight, for there is no judgment*” (Isa. 59:15). The Torah explicitly requires: “*Justice, justice shall you pursue!*” (Deut. 16:20. Hebrew, *קִדְשׁ, קִדְשׁ*

⁴ As most of us know, “*Christ*” comes from the Hebrew, “*Mashiach*” which comes from “*Shemen Hamishchah*” - the “anointing oil” with which priests and kings were anointed back then. Needless to say, this anointing oil symbolized the Holy Spirit.

⁵ Please note that Yeshua did not argue with Satan when he stated: “*all the kingdoms of this world were given to me...*” (Luke 3:5-7).

תרוֹף).⁶ “Justice” is a term usually associated with court rooms, where it is supposed to be executed. Judges are supposed to hear both sides and only then decide which side is telling the truth – and make the right administration of justice! Justice can only exist if it is based and founded on truth! Needless to say, as believers we know who the greatest and most just judge of all is - God, the God of Israel! We also know who is the only One Righteous Man who paid the just price for humanity’s sin - Yeshua the Messiah!

We who believe in Yeshua, have been called to side with and hold on to only the truth! We were called to discern between the spirits, we were called not to be mixed with, nor be influenced by this world! We are called to follow our forefathers - the children of Israel – who while living in Egypt (a picture of this world), did not completely mix with its pagan Egyptian inhabitants. They rather lived in Goshen. And so, like them, we should know that even though we live in this world/Egypt, we are not really part of it! (Gen. 46:28-47:6, John 15:18-19, 17:13-16, 1st Cor. 5:9-13 and more...).

Yeshua said to His disciples, “*You shall know the truth and the truth shall set you free!*” (John 8:32). Yeshua further said, “*And the Spirit of Truth, when He shall come, will guide you into all truth; for He will not speak of Himself, but whatever He hears, that He will speak ...*” (John 16:13). And more: “*You say that I am a king. For this purpose, I was born, and for this purpose I have come into the world—to bear witness to the truth. Everyone who is of the truth listens to my voice.*” (John 18:37).

The apostle Saul said: “*For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness.*” He added: “*Therefore let us celebrate the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread (matzah) of sincerity and truth*”; “[Love]... does not rejoice in injustice, rather rejoices in the truth.” Speaking of the weapons of God, the famous apostle said: “*by truthful speech, and the power of God; with the weapons of righteousness for the right hand and for the left.*” “*Because we can do nothing against the truth but for the truth*” and... “*Stand therefore, having fastened on the belt of truth...*” (Rom. 1:18, 1st Cor. 5:8; 13:6; 2nd Cor. 6:7; 13:8; Eph. 6:14).

It is clear to me that some of the references I have mentioned above speak of absolute divine truth, the one relating directly to the gospel of the kingdom – the salvation and redemption by the precious and atoning Blood of Israel’s Messiah. At the same time, I do not think it would be “a stretch” to say that our belief in God’s “Absolute Divine Truth” is limited only to the “spiritual realm.” The opposite is true: Our belief in the absolute truth of Scripture is supposed to lead us, the believers, to desire and cling solely to every truth - in every realm of our lives! If we believe in the absolute divine truth, how can we in the same breath accept lies (be they “white” or “little”)? The writers of the Word of God were very clear and noncompromising as to the need of the believer who fears God’s Word, to hold on only to the truth – and by no means any kind of lie! (See only a few examples: Ex. 20:16, 23: 7, Lev. 19:11, Isa. 28:15, 59:3, Jer. 7:8, Ps. 101:7, 119:29, Prov. 10:18, Eph. 4:25, Col. 3:9, 1st John 2:21 and many more...)

⁶ Other translations read, “*That which is altogether just shalt thou follow.*”

Many precious brothers and sisters in Yeshua claim that since there are hundreds of thousands of doctors and scientists who hold to the official version regarding the Covid crisis, while only a very few thousands who oppose it, we should go after the majority and hold on to the government's official standpoint. They continue on to say: "We should take heed to the word of God, which explicitly instructs us to *'obey the authorities!'*" Some add: "As believers, we must not relate to any of those 'conspiracy theories,' which are presented on the non-official social media. We must submit, trust, and accept whatever the authorities are telling us, and most of all, pray for the people God has put in these positions, continue our routine as much as possible under the difficult circumstances, until everything works out for the best – by God's Grace!" This position paper will challenge this approach and prove it as incorrect, and as being in complete opposition to "the big picture" that God's "navigation map" portrays before our very eyes.

"... to turn aside after many to pervert..."

The above words are taken from a very interesting verse in the Torah: "*You shall not follow a crowd to do evil; nor shall you testify in a dispute so as to turn aside after many to pervert (justice).*" (Exodus 23:2) The title words were often quoted by Rabbis throughout the generations, who explained that in case of a dispute between Rabbis concerning a specific Rabbinic interpretation and/or instruction, a decision made by the majority should always be honored and completely obeyed! One does not need to be a Rabbi or a great theologian to see that the words "*to turn aside after many to pervert*" are taken completely out of their immediate context by the Rabbis! In fact, when the whole verse is read, one cannot escape the completely opposite conclusion: The majority is not always right! Actually, the majority can at times be very wrong, and, as a direct outcome, deceive and turn people from doing justice!

Moreover: Throughout God's "navigation map," those who believed and followed God with their whole hearts belonged to only a small minority! Most of the time they were looked down at, as "strange," "dreamers," "rebels against the authority," and even "mentally ill!" The following are only a few examples:

A. Moses was forced to flee for his life after trying to execute some justice (even if not at the right time and place). After returning to Egypt to redeem his people at God's direct command, he encountered many obstacles, objections and persecutions – both in Egypt and later on, also in the desert journey to the Promised Land (Ex. 2:11-15, 5:20-23, 14:11, 16:2-3, 17:2-7, Acts 7:35).

B. At the foot of Mount Sinai, it was only a minority who answered Moses' call (the Levites – Ex. 32:26).

C. Elijah the prophet, in his great frustration due to the spiritual condition of his people, cried out loud to God, complaining that he was "*left alone...*" God, in his great mercies, assured him that there were others - a minority of "seven thousand," who followed Him wholly (1st Kings 19:9-18).

D. David, having already been anointed as the next king, was persecuted and suffered greatly by the ruling authority (King Saul – 1 Sam. Chapters 19-30).

E. The prophet Isaiah, in the greatest divine revelation that he experienced in his life, received a scary message: A great majority of the Chosen people - due to their sins - will not be able to see, hear nor understand God's Word, until the very end! And even then – at the very end of the world, only a tiny minority - a tenth - a small remnant, will be saved (Isa. 6. See also 10:21-22, 11:16, 37:32).

F. Jeremiah the prophet, very discouraged and frustrated by the spiritual condition of his people, cried out: *“Oh, that I had in the wilderness a lodging place for travelers, that I might leave my people’ and go from them!”* (Jer. 9:2). The same prophet prophesied that it will be only “a remnant” who will be saved (Jer. 23:3, 24:8, 31:7 and more...).

G. The apostle Paul, when speaking of his nation, Israel, addresses the issue of the *“remnant based on grace/ election...”* (Rom. 11:2-10).

H. Yeshua clearly pointed that it is only a minority (*“a remnant”*) who will actually enter His Kingdom! He said, *“Enter through the narrow gate, for wide the gate and the road leading to destruction and many walking in it, but the narrow is the gate, and the narrow is the road leading to life and a few find it!”* (Matt. 7:13-14).

I. Yeshua also told us that if we choose to follow Him, we might not always have a comfortable life. At least some of His true followers need to prepare and expect persecution - even unto death! Those who choose to follow Him must first *“calculate the costs”* and choose *“death to self”* etc. (Matt. 16:24-27, Luke 14:25-33, Rom. 6:6, Gal. 2:20, 5:24).

J. All the apostles, except John, died as martyrs for their faith in Yeshua! Most of the first Church, for at least two centuries, was persecuted and paid a heavy price for their faith!

History as well supports the above principle in God's “navigation map!” It was and still is the minority who, at the end - even long after they pass away – is correct/ right! One can think of examples like Martin Luther, Martin Luther King Jr., and many others...

Why are some of us so “surprised” when we find ourselves in a minority and shocked when the majority around us think we are “weird”, “extreme”, etc.? In what way are we different from all the above examples? Are we really called to join those who go *“after many to pervert (justice)”*?

The Covid-19 Crisis

The Official Version - Followed by the Majority

As stated at the beginning of this position paper, it was during February-March of 2020 that we all became familiar with this new crisis - mainly through the mainstream media.

The following is a summary of the main points presented to us by the government officials:

- A. Covid-19 - known mainly by two names: "Covid-19" and "Sars-Cov-2" - is "a global pandemic." Its first outbreak was in China, already somewhere around November-December of 2019 (hence the suffix "19").
- B. The virus originated from infected animals in an open market in Wuhan, China.
- C. The virus keeps developing "new mutations" and as of February 2021, three or more are already known: The South African one, the British, the Japanese, and perhaps even one that is "made in Israel."
- D. As of today (February 2021) there are already well over one hundred million people who have been infected with the virus while more than two million died!
- E. The disease is very serious, dangerous and fatal. Therefore, it is a huge threat on humanity!
- F. The hospitals are full to the maximum, by the daily new Corona patients. Thus, there is a real fear that the entire health care system will eventually collapse!
- G. The vast majority of the world's states, including us here in God's Promised Land, responded to this new pandemic by imposing restrictions on gathering indoors, mandatory wearing of face masks (Israel is one of only a few countries that requires its citizens to wear masks even in open spaces), cancellation of events, and closure of all "non-essential" institutions and businesses. In addition, efforts are being made to locate and isolate patients, protect medical staff, and increase hospital capacity, including the construction of special hospitalization facilities for Corona patients.
- H. More than 3 billion people in our world are required, to this day, to remain in self-isolation in their homes, or are under lockdowns!
- I. At least nine drug companies are working on the development of vaccines against this new virus. Up to this day, a few companies, such as Pfizer, Moderna, AstraZeneca, as well as Russian and Chinese companies have already developed it and are marketing it.
- J. To date, about four million people in our small beloved country have been vaccinated with the Pfizer vaccine.
- K. In Israel, the authorities put huge pressure on us from morning to evening - through the mainstream media, to hurry up and get the vaccine. They keep promising that the vaccine was "tested and approved by the FDA" and thus, "it is very safe."
- L. According to the Israeli government, there is absolutely no way to eradicate the new pandemic without the vaccines! Recently, teenagers and pregnant women began to be encouraged as well to take it...

The Non-Official Version - Followed by a Minority

Allow me to start with a brief personal confession: In the first two months (March - April 2020), I, along with my family, believed and clung to some of the above official claims. We were following the mainstream media channels and spent quite some time before the TV every day. We tried our best to fully obey the repeated instructions made by the authorities, especially regarding excessive hygiene, wearing masks, disposable gloves, disinfecting any surface we or other people touched with the famous Alcolgel, etc... I must admit that like most of the population here in Israel, we too were afraid of the new virus and even anxious.

Nevertheless, later on, during May-June of 2020, we started to hear some “different voices”... Friends, family members, as well as brothers and sisters in Messiah around the world, started to send us articles and videos of top world doctors and scientists, who claimed that what the world authorities present to their people is far from being factually and/or scientifically based! Their claims are many and the list below is only partial:⁷

A. The present new Corona virus is actually the seventh in a very well-known series of the “Corona family,” and has been known since as early as the 1960s! The series includes over 60 Corona types and subtypes. Scientifically, the structure of the new virus and its properties are remarkably similar (about 78%) to the previous ones.

B. The symptoms of those infected with the new virus are as well remarkably similar to those of past “seasonal flus:”. Those symptoms being fever, cough, fatigue, and at times, also a temporary loss of taste and smell.

C. The new virus is not as “deadly” as presented by the authorities, neither does it pose “a big threat to humanity!” It affects very specific populations, such as adults over 65-70, and those known to already have former chronic illnesses. Nevertheless, just as it is with any other disease, there is a minority (i.e., an exception) who are under 65-70, and even youngsters, teenagers and so on, who are also infected and severely affected by this new virus.

D. There are known scientifically and clinically approved drugs which have been used for several decades already, that are very safe to take, whose effectiveness in the full curing of the new disease is extremely high! Surprisingly, the World Health Organization (WHO), together with the health authorities around the world, banned the use of these drugs for treatment of new Covid-19 patients. Not only that, but the sweeping and comprehensive ban also includes the distribution and sale of these drugs in pharmacies around the world! The same doctors claim that, had the authorities permitted these specific drugs, many hundreds of thousands of lives would have been saved! ⁸

⁷ At the end of this position paper, I list some of the non-official sources of information for your own review and examination.

⁸ Known drugs such as: “Hydroxychloroquine,” taken with “Azithromycin,” and “Zinc” (in addition to vitamins “D” and “C”), when taken in the early stages of the illness, and/ or, “Ivermectin” can help even to prevent the illness.

E. The instructions and guidelines given by the WHO to doctors around the world, are at times very “strange and confusing.” First, they do not match the medical condition of Covid patients - especially those in need of hospitalization. Second, in contrast to the situation before the outbreak of the new disease, the WHO instructs the doctors on how to write death certificates, in order to raise the death rates. According to the doctors, the new guidelines do not reconcile with the objective scientific truth according to which they were used to writing death certificates prior to Covid-19! For example, before the onset of the disease, terminal patients (such as those with serious diabetes, those suffering from cancer, or heart or kidney diseases), who died from complications caused by various infections, like different flus (which is a very known phenomenon) were never defined on their death certificate as being “flu deceased.” Their death certificates always defined the main terminal disease they suffered from as the cause of death! According to the new WHO guidelines, any deceased person, even if only suspected as infected by the new virus (i.e., without actually having ever been tested), was defined as “Covid deceased.” Third, the WHO also changed the guidelines concerning how to determine and define a patient as “critically ill.” Before the new virus showed up, only patients with an oxygen saturation of 90 and under were defined as “critically ill.” Now the doctors were instructed that it will be changed to under 94, which would naturally define “modestly ill” patients as “critically ill”, thus causing the numbers of these “critically ill” to rapidly go up! ⁹

F. Doctors and scientists around the world claim that the numbers of “critically ill” and dead Covid patients, presented to us morning till evening in the mainstream media, are inaccurate - to say the least! According to them, there is no transparency whatsoever on the part of the governmental ministries, regarding the identity of “new patients,” their age, and background etc.

G. Speaking of truth and transparency, it should be noted that according to some doctors and scientists, the famous PCR test, upon which all this “new pandemic” is actually based, was not at all invented and/or intended to diagnose infectious diseases! Moreover, in a video recorded interview with its inventor, he admitted it, and said that the results of this PCR test can be easily manipulated to fit “any desired result!” Many doctors (including professor Grotto from the Israeli Ministry of Health, who expressed this at the very beginning of the crisis) claim that the accuracy of the test is very low, to say the least...¹⁰

H. Speaking of the PCR test, more and more doctors around the world are admitting that the new Covid-19 virus was never “isolated” (or identified) from amongst the other Corona viruses, in a pure scientific way!

I. Doctors and scientists around the world warn from side effects of vaccines in general, but especially from the new one just produced. They clearly say that its side effects, in

⁹ Later on, the WHO changed their guidelines back to the previous one (saturation of 90 and under). Interestingly enough, the Israeli health system still keep the new guidelines, at least up to Feb. 2021!

¹⁰ About a month or so ago, even the WHO admitted that the PCR test is not 100% accurate, to say the least!

the mid and long-term (one to ten years or even more) have never been tested nor can they practically be tested!

J. There are doctors and scientists around the world, who strongly claim that this new vaccine (as well as a few previous ones) contain very dangerous substances that can cause side effects mostly in the mid and long term. These doctors and scientists claim that a few vaccines also contain embryonic particles, which, in the long term can affect even the DNA of these who took them! There are some doctors who claim that the new vaccines also contain “nanoparticles” of certain metals that have the potential to make us kind of “living antennas,” which can receive and transmit information about us!

K. Doctors and scientists point to the very “non-kosher” financial (and other) connection between the various drug and vaccine companies and some of the world richest people, politicians and physicians...

As stated at the beginning of this position paper, there are many doctors and scientists, here in Israel and around the world, who claim that the measures taken by government officials to deal with this “pandemic” - namely the frequent lockdowns and mask wearing (especially in open areas), are not only scientifically incorrect, but their measures will eventually achieve the exact opposite effect: They cause other illnesses, frustration, depression, suicides and so on, not mentioning the hugely negative economic effect on society in general! Physicians and scientists here in Israel have already written a number of official letters to the government officials, in which they offered their help, based on their many years of experience, and requested full transparency, especially on the side of the Israeli health ministry.

Any top physician and scientist who dares to sound a different voice than what is represented day and night through the mainstream media; anyone who “swims against the current” is almost immediately censored, and defined as a “Corona denier” (on the weight of “a Holocaust denier”), a “delusional conspirator,” one who “endangers the public health” and alike...

Questions and Ponderings Based on Common Sense

After reading several articles and watching several videos with these interviews with the top renowned doctors and scientists, while noticing the Draconian laws set by our government here in Israel, to (supposedly) fight the new “pandemic,” I could no longer keep silent and ignore these “alarming voices.” I began pondering on the above statements of these doctors and scientists and started to question and doubt the “official version” that is till this very moment so well-presented through the mainstream media. Following are some of the questions that came up in my mind, while using the commonsense God has blessed me (and all of us) with:

A. Why does the mainstream media present a very unified and one-sided position on the new virus? Why do they repeat it from morning to evening, 7 days a week, while ignoring almost any other opinion – no less professionally and scientifically based? Why are all those top worldly renowned doctors, professors and scientists being censored from almost every mainstream platform? Why are most of these doctors excluded from

the various Knesset committees, and most notably, from the discussions in the Corona Cabinet?

B. Where did all the known diseases – such as seasonal flu – go? Why are they not mentioned since the outbreak of this “new pandemic?” Why aren’t heart attacks, cancer, diabetes, and others hardly mentioned anymore?

C. If there is indeed a new worldwide “pandemic,” how come the data published by the World Bureaus of Statistics (including the Israeli one), has no significant growing number of deaths – this in comparison to the 5 previous years? If it is indeed a true world-wide pandemic that is threatening humanity, is it not legitimate to expect tens and tens of percent increase in the annual total mortality rate?

D. Why does the Israeli Corona Cabinet, headed by our Prime Minister, need no less than 30 years of confidentiality over all its discussions, sessions and protocols? What are its ten respected members discussing behind closed doors? Are they discussing the Iranian nuclear program? Are they discussing the threats on our borders in the south and/ or in the north? Aren't they supposed to discuss solely “public health” issues? What’s the real cause to this huge lack of transparency? What exactly are they hiding from us?

E. Why is Israel one of the few countries in the world that forces us to wear face masks even in open areas and spaces? After all, aren’t there other opinions pertaining to the effectiveness of these masks? Are there no top renowned doctors and scientists out there whose studies claim the exact opposite regarding the effectiveness of these masks?

F. Why are we encouraged (better said: “pushed”) from morning to evening to be tested with a (PCR) test that is not 100% accurate – to say the least? How can this test be at all 100% accurate when top renowned doctors and scientists claim the specific (new) Corona virus was never really isolated?

G. Why are we encouraged (or again, better said, “pushed and greatly manipulated”) from morning till evening to go and get vaccinated? Why do the Israeli officials put such pressure on us, using the great help of the mainstream media, to get vaccinated with a vaccine which top renowned professionals doubt in regards to its scientific effectiveness and even more importantly – warn of its dangerous side effects? Why should we run and get vaccinated with a vaccine that is about supposedly 95% effective – while the chances of these of us who are young and with no background of chronic illnesses, to get healed from the disease without any treatment is well over 99%? Why didn’t they put the very same pressure on us when it related to other diseases, such as the seasonal flu (which has a comparable death rate)?

H. Why have they not “closed the entire world” as they have been doing during this last year, following a seasonal flu or the like?

I. Why does the Israeli government (and few others in the world) plan to issue “a green passport” to those who agree to be vaccinated with the new vaccine; a passport that will enable them to enjoy very basic human rights, such as entering public places,

restaurants, hotels, gyms and later also fly on commercial planes, while the unvaccinated will not be able to enjoy these very basic human rights?

J. Why are there plans, here in God's Promised Land, to make a new law – “the vaccination law” - according to which the entire population of our small country will be obliged to get vaccinated, otherwise they would be put in jail?!

As time passed by, as I was exposed to more and more opinions and voices of world-renowned doctors and scientists, I had a growing sense that something is hidden from the general public; something is going on “behind the scenes,” something with a very sinister character; something that “stinks to heaven!” I continued pondering:

Is there a “hidden hand” that directs everything relating to this “new pandemic?” Are there hidden agendas behind the general picture portrayed to us by the mainstream media?

These and other questions led me to look even deeper into this wonderful “navigation map” that God has entrusted into our hands — the Bible, His Holy and ever trusted Word! Is there any chance that this excellent “navigation map” includes some “clues”; some “background details,” which can help us better understand this “new pandemic” and better “locate” it within “the big picture?”

The Corona, the Great Reset & The New World Order

The Strong Connection Between Wealth and Power

The very non-kosher connection between great wealth and power (i.e., government) has long been known. I am sure most of us are aware of the following phrase: “He who is close to the plate (i.e., connected to “the right places”), has much higher chances of success in this world than someone who is not as well connected.”

It is estimated that there are about 8,000 to 10,000 outstanding wealthy people around the world who have almost complete control over almost every area and realm that affects our lives - whether directly or indirectly. The entertainment and film industries (Hollywood, etc.), the global media (including print and digital press), the economy (banks and financial systems), key figures, prime ministers, ministers, presidents, etc., are virtually governed by this same “global elite.” In Israel alone, it is known that there are about 20-30 tremendously wealthy families who have complete control over almost everything that pertains our lives!

The common view is that people living in the West - in democracies, are “free people.” However, when one becomes aware of facts that are not usually presented and promoted in the mainstream media (which are actually controlled/governed by these elite families), one discovers that this “freedom” is, in fact, a fake one. Anyone with their head on their shoulders (rather than being “buried deep in the sand”), can see that the mainstream media, known as the “watchdog of democracy” is not doing its job faithfully, to say the least! Does it really voice the “public opinion?” Or maybe it is actually serving its owners, by “shaping public opinion?” This “shaping public opinion” has been done

through various means and for many decades already. It has been done through the invention of TV, Mobile phones, Cinemas with films containing (subliminal) messages that promote the “narrative” that those who own them are trying to promote, and more...

The Stated Goals of the Global Elite

Surfing various sites on the Internet – both mainstream and independent ones, will unveil the following:

A. A very partial list of the world's leading elites who have a huge influence on humanity, includes several families: The Jewish Rothschild family, the American Christian Rockefeller and Ford families. In recent decades these elite families were joined by some very wealthy figures, such as George Soros, Bill Gates and Mark Zuckerberg.

B. The above families and individuals (and others) are on top of “the global pyramid,” and possess “wealth/capital & power/government” ties with key politicians, presidents and prime ministers – such as our current Israeli one. They also possess close ties with well-known international organizations, such as the United Nations (UN) and the World Health Organization (WHO). They are also known for their “wealth/capital & power/government” ties with well-known pharmaceutical and vaccine companies. For example: Did you know that almost everything connected to the modern world health system (medicine, the curriculum used in different medical schools around the world etc.), is closely related to the Rockefeller family?¹¹

C. The pharmaceutical industry, especially that of various vaccines’ development, is a thriving business! This industry is one of the world’s leading in revenue, and I am talking about many billions of dollars each and every year, which go into the pockets of those who are “well connected,” through these “wealth/capital & power/government” ties...

D. There are close “wealth/capital & power/government” ties between the vaccine industry and Bill Gates (usually operated through the “Bill and Melinda Foundation,” with its various affiliated names). Bill Gates has registered patents on the corona and its vaccines, both in Europe and the USA! One of a few patents registered in his name is very interesting and should alarm any person who is familiar with God’s “navigation map”: Its registration number ends with 060606...¹²

E. There is a strong connection between Bill Gates and the head of the WHO. Mr. Gates is also one of the greatest donors to this organization.

F. The current head of the WHO is originally an Ethiopian man, who has been accused there for no less than “crimes against humanity” (against his own people)!

G. There is a connection between the various new corona vaccines and the aspiration of some of these global elites to “depopulate the world.” In at least one lecture given by Bill Gates, he talked about the ways and means by which the number of the world population must be controlled, and even reduced by 10% to 15%. He clearly said that

¹¹ <https://www.rockefellerfoundation.org/wp-content/uploads/Health-Well-being.pdf>

¹² <https://patentscope.wipo.int/search/en/detail.jsf?docId=WO2020060606>

one of the ways it can be done is the use of vaccines! Recently, Mr. Gates also expressed hope that at least “seven billion people would be vaccinated during the next few years.”

H. The same Bill Gates, together with the current head of the WHO, are "unwelcomed" in at least two countries (India and one of the African countries). This is due to their direct involvement in the administration of vaccines that have been proven to cause irreversible damage to many citizens in these two countries - including female infertility!

I. In January of each year, there is a famous gathering of the world's top elite, “The World Economic Forum.” It is held in the Swiss village of Davos and was founded by a man named Klaus Schwab. In the annual gatherings, present and future/potential world leaders are invited as “guests of honor.” The recent gathering (January 2021) was held via "Zoom" due to Covid-19. One of the key guests of honor was our present Prime Minister. I highly recommend visiting the “The World Economic Forum” site and hearing Mr. Netanyahu’s 33 minutes interview, in particular - the segment between minutes 4 and 8- where he proudly talks about the “very successful vaccination campaign” here in Israel and admits that Israel is indeed the biggest laboratory in the world, for this (experimental) injection!¹³

J. Another such gathering of world elites to which both present-day leaders and future candidates for leadership are invited, is the “Bilderberg Conference”, also known as “the Round Table.” Its gatherings are heavily protected, sometimes even by helicopters and drones! Needless to say, the discussions in this gathering are always behind closed doors!¹⁴

K. For at least three decades now, well-known world leaders, such as some of the United States’ presidents (for example, Bush Senior, Clinton, Obama), and also our current Prime Minister, have been talking about the urgent need for “a New World Order.” An order that will be established mainly through “advanced technology,” such as high-speed Internet, communication networks, artificial intelligence (AI) and more. Another name closely associated with this “New World Order” is “One World Order.”

L. Others (like Mr. Klaus Schwab of the “World Economic Forum”) are calling out loud for a “Great Reset” in our world, a "Reset" that would usher this “One World Order” in.

M. Some of them go further to say that “the current pandemic must be exploited to the max, as a catalyst for this very much needed Reset!”

N. The UN, through its many “proxies,” published in the 1990s a document (or a book) known as “Agenda 21.”¹⁵ It was signed by some 194 countries around the world, including the State of Israel. Towards the end of 2020, another document was published that goes by the name, “2030.”¹⁶ Both documents (and others), describe in great detail (using smooth politically correct terms), the steps that are needed to bring about this

“One New World Order.” It does include the need for “a sustainable living”, controlling the growth of world population and more; all of which is due to their “sincere concern” for the future of our planet, as it is rapidly and dangerously warming... How do they plan to control the world population? Well, not very differently than what is already known and practiced throughout the entire world, as “nuclear family planning” (i.e., abortions, with the emphasis on poor girls who got pregnant and are now unable to take care of their “unplanned” child, various contraceptives pills/medicines - which allow for the management of a blatantly immoral life, needless to say - and of course - the use of vaccines to manage “global pandemics...”).

The Connection Between the World's Elites and “*the Ruler of the Air*”

A recurring question is: “Why do the world elites need more and more wealth, power and control?” After all, they, their children, grandchildren and great-grandchildren can enjoy the huge fortune they have gathered without the need for one more day of work! In this section, I will try to connect the different dots (“trees”) we have discussed so far, while adding others, so that we can finish building “the big forest picture.”

When we go deeper and check into some of the specific “hobbies”, “preferences”, and “loves” of the global elite, we discover that regardless of their culture or geographic location, it has several common denominators:

A. Those tremendously wealthy and powerful people often like to use their (almost unlimited) resources to satisfy their own uncontrolled lusts. More and more exposures (needless to say, mostly through private social media) reveal the close ties of the global elite’s members to international sex trade and trafficking networks. I’m talking specifically of women, youngsters, little boys and girls trafficking, all for all kinds of prostitution! A significant portion of those wealthy and powerful elite members (including some government officials) attend “private parties” in which these unfortunate women, boys and girls serve as “sex slaves” – no less! Many of you probably have already heard of one example that was exposed through private social media, and then on the mainstream media. That being details on Mr. Epstein’s private island, in which he hosted these “private parties.” His guests of honor on this private island included billionaires, former and present prime ministers, presidents, online networks owners, famous TV shows hosts, celebrities and more...

B. Many who belong to this global elite are also proud members in one or more of the “secret societies” whose origins are very much rooted in dark periods of idol worship throughout human history; “Secret societies” such as the “Free Masons,” the “Illuminati,” “the CFR” and others...

C. When checking even deeper into what is actually happening behind the closed doors of these secret societies, one can get a huge shock! I know that it is really hard to believe that in today’s “modern, developed and intelligent world” real idol worshiping can be practiced - worship that includes the sacrificing of children for rituals while some also using their blood as some kind of a wonderful “youth drug”.

What is the source of the above shocking description? What is behind this uncontrolled greed for money, power, and the satisfaction of the lusts of the flesh and true idol worship? Again, one does not need to hold a PHD or to be a graduate of this or that “theological seminary” to know the only one answer to the above questions. It is all clearly displayed on this wonderful “navigation map”!

We mentioned earlier that the one who controls the hearts of the unbelievers/unsaved people in our world is this “*ruler of the air*” (Eph. 2:2). Yes, the unfortunate truth is that the vast majority of the people who live in this world are ruled and directed by Satan! The people of this world, for the most part, walk in complete spiritual darkness, and unfortunately, there is no “middle way,” or “grey area”. And no, not “all roads lead to Rome!” In our world, there are only two very distinctive kingdoms: a.) The kingdom of light in which God rules through His only begotten Son – Yeshua – Who practically rules through his body/members here on earth – us. And b.) the kingdom of darkness who is controlled by that “*ruler of the air*” - Satan!

Ever since Adam and Eve sinned at that famous garden, our world has fallen into deep spiritual darkness! When Yeshua was walking here on earth two thousand years ago, He illuminated that darkness, but only for a short time, after which it returned into its spiritual darkness! (see John 1:5, 9, 3:19-20, 11:10, 12:35-36, Acts 22:9 and more...).

These at the top of the global pyramid, these extremely wealthy elites, are no less than “faithful” servants of Satan! The spirit of that liar, a thief and murderer from the very beginning, guides them and leads them in all their ways.¹⁷

The Good News - God is A Sovereign God!

As mentioned before, the global elites’ desire is to have complete full control over the entire world. You can very well say that they are preparing for the greatest ever rebellion against God Almighty and His only begotten Son. You can very well say that their rebellion is actually an attempt to rebuild the “Tower of Babylon!” Yes, this “One World Order” should remind every true follower of Yeshua of the attempt by Nimrod and his servants back in ancient Babylon (Gen. 11).

¹⁷ Speaking of Satan, it is important to note that an integral part of the global elites’ plan is to have an absolute full control on the people who would remain from their desired “depopulated planet.” This totalitarian type of control includes every aspect of life. It can be achieved through advanced technology such as the 5G network, “artificial intelligence” (AI), implantation of nanoparticles of certain metals in the human body – through “mandatory vaccines” - particles that would make people “little antennas” by which the one world government can see where we are and what we do at every given moment! In my opinion, this is yet another attempt of the devil to imitate the only One Creator, who is the only One who is truly able to see us everywhere we are and in every possible situation we face, while even our thoughts are not hidden from Him! Yes, Satan’s real agenda, through these global elites who serve him so well (knowingly or unknowingly!), is to be worshiped as “god!”

Satan - Only a Tool in the Hands of God

"He who sits in the heavens laughs, the Lord scoffs at them..." (Ps. 2:4, 37:13, Habak. 1:10). Yes, as the global elites look forward to the soon establishment of their "New World Order"; their "One World Order", with one central government, as they use this "new pandemic" as the very catalyst and means to walk this modern world through the "Great Reset". I can imagine God, sitting very firmly on His heavenly Throne, addressing the one who tries so badly to imitate Him, to take His place, with these words: "You know that your time is very short, don't you? Thus, you try to take down with you as many as you can possibly can. You promise them the very same things I had promised my faithful minority long ago! You promise them 'a new world order with one central government?' This is exactly what I promised to do in the 'navigation map' I entrusted them with! Indeed, in the latter days there will be 'a new world order,' with 'one central government!' It will be MY New Order! It will be My only begotten Son's 'one central government!' You want to rule out from Jerusalem? That's exactly where my Son will reign from, over all the world! Yes, you fallen and rebellious angel, the day will come when you will discover that everything you have done in this world actually served as a tool in My hands. Yes, you will be shocked to discover that I literally used you and your servants on earth to carry out My original plans, plans that I have set from before Me from before the very foundation of this world!"

In God's "navigation map," you can see that God uses Satan and his servants (fallen angels/demons and the unsaved men and women of the world) as "a tool," as "a disciplining rod." He uses His enemies, for example, to educate and instruct his children (like a good father who chastens his sons). Once His children repent and turn back to Him, He forgives them and puts them back on the right track – His track. Most times, He saves others who were part of the devil's kingdom, while judging and punishing those who were used as "chastisement tools/rods," as they departed from their original given authority! The following are only a few examples:

A. Just before He delivered his chosen nation out of Egypt, the Lord "hardened" Pharaoh's heart, so *"the Egyptians shall know that I am the Lord, I have set my hand upon Egypt ..."* (Ex. 7:4, 14:4, 18). And indeed, among those who left Egypt there were also *"a great multitude"* probably combined from some Egyptians and others dwelled in there at that time (Ex. 12:38).

B. The Assyrians, who took the Northern kingdom of Israel to exiled (in the eighth century BCE), are described as *"Woe to Assyria, the rod of My anger, and the staff in whose hand is My indignation..."* (Is. 10:5-19. Look also verse 31).

C. God calls the pagan king of Persia, *"Cyrus My Shepherd,"* and also, *"My anointed one"* (Isa. 48:28, 45:1)!

D. God uses evil Haman to cause the Jews to repent and seek Him whole-heartily, in fasting and supplication. Then He turns to judge him by the very same means through which he planned to kill their leader Mordecai... (Book of Esther, especially 5:14, 7:10, 8:3-17).

“Great Resets” in God’s “Navigation Map”

As mentioned before, the global elite openly talk about the need for this world to have a “Great Reset” - one that will eventually lead to the establishment of the “New World Order.” Two questions if I may: a.) Is this idea a new/modern one? And b.) Could it be that the concept of “resets” is actually a biblical concept?

The concept of “resets” is usually connected to the world of computers. When a computer stops working in its optimal way, the manufacturer's representative would strongly recommend that it would be “reset,” so it can return back to its manufacturer's settings. Now the main reason for the computer's urgent need for “reset” is that it was misused and/or abused by its uncaredful users, and not in according to its original manufacturer's settings!

Here I would like to present you with the idea that “resets” are not a new modern concept, and in fact, a few of them can be found in God's Holy Word. The following are a few examples:

The first great reset - the physical one: Let us take this world and all that is within it (humanity, nature, its various animals, etc.), and compare it to a huge “supercomputer.” God, its Creator, set in it His own “manufacturer's settings” (Gen. 1:2-3:5). After a short while, Adam and Eve misused these original manufacturer's settings. They sinned in that Garden (Gen. 3:6-7) and it led to the very first “great reset” - The Flood! (Gen. 6:5-7). In His Great Mercies, God leaves a remnant of eight people: Noah, his wife, his three sons and their wives. This remnant receives the original “manufacturer's settings” (see Gen. 1:28-30, 9:1-7). Yet, did the descendants of Noah and his family hold on to the original “manufacturer's settings?” Not at all! You see, the source of the problem has always been the human heart – that which inclines to “*do evil from his youth!*” And so, the Creator needed to plan on yet another “great reset,” one that will address the source of the problem...

The second great reset - the spiritual one: A few thousand years after the Flood, the manufacturer of this world/ “supercomputer,” sent down His only begotten Son. Yeshua of Nazareth, also known as “*the Second Adam,*” Who was born to a virgin so that He might be considered “*the Son of God*” and not be defiled by human semen and egg. He came into our world to give “a root canal treatment” to the biggest problem - the deceitful human heart! Yeshua was sinless and died as such for us, was buried and resurrected on the third day, and gave “*a new heart*” to all who believed in Him! He also promised “*an everlasting Life*” that starts at the moment one decides to believe in Him! He said: “*I Am the Resurrection and the Life. He who believes in Me will live even if he dies! And whosoever lives and believes in Me shall never die!*” (John 11:25; see also Eph. 2:6, Col. 1:13 and Heb. 12:22-24). Of course, we, the believers/ disciples of Yeshua, are still living in this body of flesh/clay, which will one day return to the dust from which it was taken. Yet, in the spiritual realm, we are already “*a new creation*” with “*a new heart!*” All we have to do now is submit ourselves and subdue any thought that refuses His authority in our lives, down to His feet. Our struggle is not “in the flesh,” it is rather against “rulers and authorities” in heaven, and therefore our weapons of war are

radically different from those used by the unbelievers! (2nd Cor. 10:1-6, Eph. 6:10-18, Philip. 3:20). But is this where the story ends? Will this be our state for ever and ever (a state of continuous spiritual war in a very imperfect fleshly body)? By no means! Praise be to God - the third, last and greatest “reset” is soon to come...

The third big reset - both a physical and a spiritual one: This great reset will take place when Yeshua returns to our world to establish His Kingdom – the very Kingdom of Israel! Then, Satan will be bound and cast into a pit for a thousand-year period. This world will experience and enjoy the greatest Sabbath (seventh millennium) it ever experienced! Yeshua will reign here, together with His true followers who now will experience not only a spiritual redemption/salvation, but also a physical one – when they receive their completely new body with its “different glory” – an immortal body! In other words: their salvation of their spirits, fulfilled in Yeshua' First Coming will be completed with the “salvation” of their bodies (the physical dimension) – i.e., the giving of their new physical bodies – the immortal ones!

The one thousand years period will lead to the eighth millennium (from the creation of humanity). A millennium that would herald the beginning of a completely new era: *“the new heavens and the new earth!”* (Rev. chapters 21-22 and Is. 65:17-25). I do not pretend to understand all the details of this “new heaven and new earth”; how will our world look like then, what are the main changes that will be in comparison to the world we are living now, who will die, who will live, how long etc.

All I tried to show above is that “resets” are not something modern or new (*“There is nothing new under the sun!”*)! Knowingly or unknowingly, those global elites who think they are “inventing the wheel” in their aspirations are actually bringing us to the fulfillment of God’s Holy words concerning HIS “New World Order” - The millennial Kingdom of Israel here on earth!

A Short Summary

In this position paper, I made my humble attempt to explain the Covid-19 Crisis as an integral part of a much bigger “picture.” I tried to do it by using the Word of God as “a navigation map” – a “map” He gave us so we can successfully navigate our lives through “the forest” of this world. I tried to explain this new crisis while considering its broader context. The following are the main points that were covered in this position paper.

We are indeed living in what the scriptures define as *“the Latter Days”* or *“End Times!”* Messiah Yeshua is indeed “right at the door.”

One of the main characteristics of these interesting and challenging *“Latter Days”* is a great increase of deception. Deception which is directly led by *“the father of lies,”* the murderer, the devil, who is very much aware that with every day that passes by, his time is running shorter and shorter.

According to God's "navigation map," we who belong to the small minority – the small remnant, should try our very best to hold on to God's absolute truths, while distancing ourselves as much as possible from anything which does not "smell good"! I stressed our responsibility to pursue justice - even if it involves "swimming against the (world's) current," and even when it brings us to pay a high personal price...

I described the main opinions regarding the current Corona crisis, expressed by top world-renowned doctors and professionals on both sides. I noted that the opinions expressed by these world-renowned professionals who belong to the minority are frequently ridiculed and put down by the professionals belonging to the majority.

I have shared with you some of the questions and ponderings that came to my mind after an in-depth examination of both sides' claims - questions and ponderings which were all based on "common sense..."

I described the global elites at the top of the world pyramid, these who control almost everything that we know and see in this world. I described the connection of those elites to "wealth/capital & power/government" and their strong ties with pharmaceutical companies, the mainstream media, key figures in governments and world authorities, and so on. I described some of their terrible satanic "hobbies," as members in some secret (idol worshiper) societies.

Finally, I talked about the global elites' desire to "reset" this world so they can establish their desired "New World Order," or "One World Order." I showed how these global elites are actually (unknowingly) used by the Creator to advance His original Master Plan, which is the establishment of HIS New World Order - The Kingdom of Israel ruled by Yeshua of Nazareth - the King of the Jews, from Jerusalem!

My Personal Conclusions

When looking at all the various arguments, opinions and claims - both those belonging to the majority (i.e., the official version) - and those belonging to the tiny minority; examining things in the light of the Word of God (this "navigation map"), I don't see any other way, but to choose to side with the not-so-popular or accepted minority. I choose not to go "*after many to pervert (justice)!*" I decided to examine everything that the authorities' officials (using the mainstream media) are trying to convey to me concerning this "new pandemic" through very skeptical eyes...

The Greatest Deception in History

It is my understanding that the present Covid-19 Crisis is nothing but a very well thought out and planned one! For those of us who have "*eyes to see and ears to hear,*" we can easily see that this "crisis" is filled with lies and deception! In fact, I like to define it as "the greatest deception ever," since the time of Adam and Eve! A deception well planned by the global satanic elites who are actually idol/ false god worshipers!

I would like to stress at this point: I am not at all "a Corona denier!" I know and fully accept the fact that there is indeed a new Corona virus! Yet, it is remarkably similar in

its structure and the symptoms it causes, to some previous well-known Corona viruses! It is my understanding that the source of the new virus is not “natural” as presented to us by the official version (i.e., animals in the open Wuhan market), but that it is rather a well-engineered virus (initially in a US lab, led by no other than the famous Dr. Fauci, and later on in a lab at Wuhan, China). It was engineered with one main purpose: to serve as a tool – “a catalyst” for the “Great Reset” of the world as we knew it up until March of last year. The “Great restart” that would eventually lead to the establishment of the “New World Order.”

It is my understanding that if the world governments would have invested the enormous resources they invested in the Covid-19 virus on a different disease, such as "a seasonal flu" (if they would have given it the exact same amount of mainstream media coverage; if they would have published a daily count of the number of mild, moderate and critical patients as that of the seasonal flu), the flu would technically have to be considered “a global pandemic” as well!

The fact that there is no real transparency on the government officials’ side, should draw our attention! The fact that the Israeli Corona Cabinet has a thirty-year confidentiality over all its sessions, “screams to heaven!” The fact that the voices of top doctors, professors, virologists, epidemiologists and other scientists are silenced and censored on almost every possible (mainstream media) stage, also “screams to high heaven!” The proven connection of “wealth/capital” to “power/government” leads me to seriously doubt all those daily repeated reports on the number of deaths, the new patients and so on...!¹⁸

But as far as I’m concerned, there were two “straws” that finally “broke ‘my’ camel's back”:

1. The PCR Test. A test that, as I mentioned, is unreliable - to say the least! A test that was never intended by its inventor to detect infectious diseases! A test on which virtually all this “world pandemic” is based! A test that can easily be manipulated to serve the “accepted narrative” of the majority!

2. The intended “Vaccine Law.” More and more of the global authorities (including unfortunately ours here, in God’s Promised Land!) are in the process of making a new law – “the Vaccine Law,” a law which will include the arrest of these who refuse to take the different Corona vaccines! This law will also include the issuing of “the Green Passport” to those who “obey the authorities...”

Did you know that Pfizer itself admitted that its vaccine only helps to relieve some of the disease’s symptoms, rather than actually preventing one from getting it, not to speak of even curing it? Does it really make sense to you that we should make haste and run to take the vaccine in light of all the above?

¹⁸ As stated in this position paper, there is great suspicion that many of these who were defined as “Corona deaths” didn’t really die from this new virus! There is ample evidence from here and around the world that many - too many - have been recorded as "Corona deaths" on their death certificates without any confirmation and scientific proof that supported it!

Have you researched the very unimpressive (criminal) past of Pfizer? Have you ever read the full agreement between that dubious company and our Prime Minister? Is it at all allowed (speaking of transparency)?

Are we, followers of Yeshua, called to “bury our heads in the sand” and settle for sentences like, “Leave it now, it will all be ok,” or “You will see - the Lord is in complete control and eventually all will turn for the good to the ones who love God”?

The Reign of the Antichrist

Do I think that the Covid-19 crisis is an integral part of the “Antichrist system” and the preparations for the appearance of the Antichrist himself? My definite answer is Yes, it is! Is the current Corona vaccine “the mark of the beast” (Rev. 13)? No, It's not! Is the vaccine “a precursor” for the mark? My firm answer: Yes, it is!

I am well aware that there are many brothers and sisters in Messiah, who wholeheartedly believe that they would not at all be here nor see the Antichrist and his 7 years rule, as they will be “taken away” (“raptured”) before it starts. An in-depth discussion of that famous “*rapture*” (see especially 2nd Thess. chapter 2) requires yet another “position paper”. Believe me, I do consider writing it in the near future, if He wills! As of now, all I can say for now is that I do believe that we, followers of Yeshua, will indeed be taken away to meet Yeshua in the air! Nevertheless, I’m not sure about the exact timing of this great event...

Tribulations ARE an Integral Part of the Life of the True Believer

As mentioned, troubles, and at times even terrible sufferings, even unto death, are an integral part of the lives of true and faithful followers of the God of Israel. The pattern for it can be clearly seen throughout the scriptures! Terrible tribulations and sufferings were experienced by the very first apostles and other followers of Messiah! Tribulations and sufferings are an integral part of the believer’s lifestyle when he/she chooses to walk in that “*narrow gate and difficult way*” that Yeshua spoke off! (see Matt. 7:13-14, Luke 13:22-24)

The new Covid-19 crisis opened my (spiritual) eyes to see what is happening behind the scenes of this world (the world expressed mainly through the mainstream media, film making companies and such). With full transparency, I admit that I should have not been so surprised! Are not all the truths I discovered in my research of this crisis in God’s Holy Word – the “navigation map” He entrusted in my hands? So, what “hid” these everlasting truths from my sight?

I believe I got too used to the “goodies” of this modern world: The God of Israel blessed me with a really good wife, four children, three grandchildren, plenty of food, advanced medical services, a private home, a job (tour guiding) with a good income, and with a lot of “side bonuses”: Being a tour guide allowed me to meet many good people from around the English-speaking world, it enabled me annual visits abroad, visits that included bible teachings and preaching to various audiences and also nice short vacations, I got “free advertisement” on different websites and so on...

Yet, something dramatically changed in a matter of less than one year! Believe it or not, I am so very grateful to the Sovereign God who allowed me to see all that I shared with you in this position paper! The “pandemic” forced me to turn back to the eternal truths of His Holy Word.

This crisis has caused me to ask difficult questions regarding my personal relationship and walk with the Lord: Am I willing to pay any price I will be required to pay for standing on the biblical eternal truths and principles? For example: If standing on God’s side concerning this satanic invented crisis, am I really willing to give up on some of my “basic human rights” in this world? For example: Am I willing to give up the “Green Passport,” which will actually prevent me from going on with the “normal life” I had till the outbreak of this “pandemic?” Being aware of “the big picture,” the “background details” alongside my “navigation route”, being aware that the UN secret agendas (2021 & 2030) are taking form and shape before my very eyes, being aware of the real (hidden) reasons behind the new vaccines, do I still have the “privilege” to stick my head “deep in the sand,” which would mean de facto that I’m collaborating with the global, idol worshipping elite?

Once again: Will I be ready to pay the price needed to stand firm on God’s Holy and Righteous Principles? Am I willing (like many men and women of God in the past), to “swim against the current?” Am I willing to belong to a minority within the minority (even in the body of Messiah), a minority which is being ridiculed as “delusional,” “fanatic,” “conspirator” and alike?

I won’t dare to tell any one of you, precious brothers and sisters in Yeshua, how to act and/or what to do! Each and every one of us will stand one day alone before the Lord! I dare not to judge you for your personal walk and relationship with Him! The only thing I humbly ask you to do, is to consider this position paper, and bring it before the Lord, so He can guide you with His Gentle Spirit to the right path you should walk, while in this “lone night navigation through the forest of this world.”

I pray and beseech the Lord that we all will eventually reach the “end point” of this navigation with great success!

Yours, in Yeshua!

Non-Mainstream Media Sources

Introduction

Please note that most of the sites below are run by individuals and private organizations – ones who are not supported nor controlled by the global elites! Many of the following sites will remind you of what is commonly known as “the New Age Movement.” Thus, not everything they say, or claim is true and (biblically) just! As we should know from Scriptures, we must be extra careful discerning the spirits and we are not called to “eat everything with which we are served!” and this very principle of discerning the spirits is a hundred times more needed when listening and/or viewing whatever the mainstream

media is “serving on our tables”! It is our responsibility to distinguish between factual truths and someone's interpretation of the facts. For example: We must distinguish between what doctors, professors, virologists, epidemiologists and other professionals and scientists say, and the personal interpretation and opinions of those that interview them on these sites!

Most news sources do not and cannot see all the details pertaining to “the big picture!” Just as children (and some of us adults ☺) build a jigsaw puzzle or use Legos, connecting one small part to another part, so we too should try to “connect the different small parts” of the factual truths represented to us in these following sites, and fit them into “one big puzzle.”

Moreover: As you will see, the various following sites include also some ultra-Orthodox rabbis. I am aware that for some believers in Yeshua, rabbis and their opinions are considered “taboo...” However, my personal conviction is that we should never “throw the baby out with the bath water!” Believe it or not: Jewish Rabbis too have something to contribute to the understanding of “the big picture” of this invented and well-engineered “pandemic”!

In each and every site below, there are many links to other sites, as is customary on the web. You are encouraged to browse and expand your search accordingly and as He leads you to do.

There are lots of videos with interviews of doctors, professors and other scientists, many of which have been censored and taken off the web, and thus, are no longer online! At least one site down below (knowheretoknow.com) made these censored videos available and thus I highly recommend it to you!

Last, but not least: As we all surf the web sometimes, I'm sure you are aware of “Fact Check” sites (such as “Snopes” for English speakers, and/or “Mida'at” for the Hebrew speakers). My suggestion: Please, do not fall into the temptation of believing that all that they say is indeed truth! For the most part, these “Fact Check” sites are associated with the mainstream media and strongly connected to that “wealth/capital & power/government” system! Please, do not be as naïve to think that you can go to these “Fact Check” sites in order to see whether or not the following sites (that I based my research on), are telling the truth! Of course, they will do the exact opposite, and the reasons are clearly explained above!¹⁹

Websites Representing Doctors and Scientists in Israel and Abroad

“Common Sense Model” (<https://modelcommonsense.org>). Website that voices about a hundred and fifty doctors, professors and other scientists, here in Israel. It offers

¹⁹ Some of these “fact checker” sites are strongly connected to **the** Bill and Melinda Gates Foundation (or its affiliates by their various names)! Would any reasonable person expect them to criticize their bosses or write a negative article about them?!

“a different model” for the treatment and management the Covid-19 crisis. These doctors do not see “the big picture” yet, but you can certainly find on their website articles and interviews, which prove many of the things I shared with you in this position paper. About two months ago, a documentary was released with a provocative name: “And if the whole world is wrong?” In it, some of these doctors explain their views and positions concerning the “pandemic”. This documentary caused a wide public reaction and was watched by hundreds of thousands here in Israel! I highly recommend you watch it! (<https://www.corona-files.org.il/whatif>)

“America's Frontline Doctors” (<https://www.americasfrontlinedoctors.com>). Hundreds of American doctors are making harsh allegations against the official version of the US administration regarding the Corona crisis. It is highly recommended to listen to some fascinating lectures by the founder of this association - A Jewish doctor (as well as a lawyer), whose name is “Simone Gold.”

“The Corona External Parliamentary Research Committee” (<https://acu2020.org/international/>). Hundreds of doctors, professors, lawyers and scientists, mostly from Germany, set up this committee to arouse public interest in the failure of the government in dealing with this crisis. They are actually in the process of suing their government for “crimes against humanity,” no less! I highly recommend watching and listening to a highly regarded lawyer there – Mr. “Reiner Fuellmich,” who talks a lot about the unreliability of PCR tests and more...

Israelis who Care for their Nation

“A Place to Know” (<https://en.knowwheretoknow.com>). This is the site of Raphael Ben Dor, a dear Israeli man who cares much for the Israeli people and is very close to seeing “the big picture.” Rafael downloaded and saved many censored movies and articles and made them easily accessed here on his site. You can find plenty of valuable resources on this website. For example: a ten-episode series named “The Fall of the Kabal,” dealing with many “behind the scenes” world issues - entertainment (Hollywood and alike), main news channels and who really controls them etc. You will also find a two-episode series – “Bill Gates - smashing the conspiracy.” It gives a completely new angle of Mr. Bill Gates (in comparison to what is represented to us in the mainstream media), what does he really believe in, why does he contribute so much of his time and money to “vaccine research”, why he (and his friend, the head of the WHO) are not welcome in India and Africa, and more...

“Increase the frequency” (<https://www.ahava528.com>). Website run by Shay Dan On. A very caring and loving man who sees the great corruption in the high levels of authorities and is eager to share his many years’ acquired knowledge with whomever is interested. He also has a YouTube channel that is occasionally taken off the web/censored...

“Exposure Line” (<https://hasifot.com>). A very interesting and recommended site! Like with the above sites, it is as well not perfect but definitely provides you with a lot of “food for thought...”

“The Truth of Corona” (<http://www.vidis.co.il/video/corona/>). Danny Vidislavsky's interview show, where key Israeli figures, former ministers, current Knesset members, different artists and more are hosted. All the interviews touch on and revolve around the Corona crisis while expressing different positions, opinions and voices. Vidislavsky.

Rabbis Who See “the Big Picture” (apart from the identity of Messiah)

Rabbi Daniel Asor - A rabbi known as a vigorous activist against those who believe in Yeshua, but at the same time, has a very deep understanding of cults, secret societies, modern idol worshipping, and more. It is highly recommended for those of us who can “overcome and forgive” his ignorance concerning his own Messiah, while remembering that the “veil” is still on his heart! Personally, I pray a lot for his salvation!

Rabbi Amnon Yitzchak - Less active in his opposition to Yeshua, and with a completely unconventional character and form of speech (many would define him as a very un-politically correct man). He also understands “the big picture” to a certain degree.

Rabbi Yuval Hacoheh Asherov - an “alternative healer” with extensive knowledge in modern medicine, cults and alike...

Rabbi Dov Berkowitz - Called by his followers "the genius." He also has a very extensive knowledge of topics outside of halacha, such as mathematics, quantum physics, cults, idolatry in the modern age and more...

Rabbi Yoav Alon - Formerly a scientist in the Israeli defense industry. He too understands “the big picture,” without (yet) recognizing His Messiah Redeemer.
